

How do I find Alerts & Changes?

This task card demonstrates how to locate Alerts & Changes for cases.

Searching for Alerts & Changes

NOTE: Alerts and Changes that have been issued in the last 7 days are visible on the Home page. Alerts provide information about significant changes to import conditions, and changes provide information about amendments to import conditions.

Select **View alerts** or **View change notices** to view active alerts and changes.

The screenshot shows the BICON search interface. At the top, there are three tabs: 'Quick Search', 'Scientific Name', and 'Tariff Code'. Below these is a search input field with the placeholder text 'What are you importing?' and a 'Search' button. Underneath the search field, it says 'Import into Australia' and 'Effective on 11 April 2023', with an 'Advanced search' dropdown menu. The main content area is titled 'Alerts' and contains two summary cards. The first card, on the left, is orange and shows '1 new alerts' with a warning icon and the text 'Alerts issued in the last 7 days.' Below this is a red-bordered button labeled 'View alerts'. The second card, on the right, is light blue and shows '0 change notices' with an information icon and the text 'Change notices issued in the last 7 days.' Below this is a red-bordered button labeled 'View change notices'.

To access Alerts & Changes that are for a specific case, or are inactive, select **Alerts & Changes** tab on the home page.

The screenshot shows the BICON website navigation bar. It features the Australian Government logo on the left, followed by the text 'Australian Government Department of Agriculture, Fisheries and Forestry'. To the right of this is the 'BICON' logo and the text 'Australian Biosecurity Import Conditions'. Below the logo and text is a dark blue navigation bar with several tabs: 'Home', 'Import Conditions', 'Permits', 'Alerts & Changes', 'News', 'Contact Us', and 'Help'. The 'Alerts & Changes' tab is highlighted with a red border.

You can filter on specific case Alerts or Changes by typing into the **Enter a filter term** field and selecting search.

The screenshot shows a search field titled 'Filter Alerts & Changes'. It has a text input field with the placeholder text 'Enter a filter term' and a 'Search' button on the right.

You can filter on Alerts, Changes, or both by selecting the drop down 'Both'. You can also filter on the status of each type, by using the 'Active' drop-down.

The screenshot shows a 'Filter by' section with two dropdown menus. The first dropdown menu is labeled 'Both' and has a downward arrow. The second dropdown menu is labeled 'Active' and also has a downward arrow. Both dropdown menus are highlighted with red borders.

You will be presented with results according to your search criteria. Select the hyperlink to view further details about the Alert or Change.

Viewing Alerts & Changes within a Case

You can view Alerts or Changes for the Case you are viewing by selecting **Alerts** or **Changes** under **Case details**, in the left hand menu.

The screenshot shows a left-hand navigation menu with two main sections:

- Case options** (indicated by an upward arrow):
 - [Follow case](#)
 - [Bookmark options](#)
 - [Email current scenario](#)
 - [Save / Print](#) (with an external link icon)
- Case details** (indicated by an upward arrow):
 - [Overview](#)
 - [Appendices](#)
 - [Alerts](#) (highlighted with a red box and a warning triangle icon)
 - [Changes](#)
 - [History](#)
 - [Risk backgrounds](#)

Refer to the task card '**How do I follow a case?**' for information on subscribing and unsubscribing to Cases.
